INCENTIVES

Financing at subsidized interest rates

AMOUNT

Financing can cover **up to 85% of the amount of the budgeted expenses** and can be granted in an amount that does not exceed the amount permitted under EU *de minimis* rules. Financing **cannot exceed 25% of average turnover in the last 3 years**

CONDITIONS

- ✚ The programme shall be realized in non-European countries
- ✚ The Program last **6 years in total**
- ✚ The programme must be carried out in the period between the date of presentation of the application and 2 years from the execution of the loan agreement. The loan is then repaid over the next 4 years

Companies submit their applications for financing to Simest (www.simest.it), together with the documentation specified in the application form.

EXPORT CREDIT SUPPORT

Promoting the export of capital goods (machinery, systems, related studies, spare parts and services) throughout the world.

BENEFICIARIES

Any Italian company

INCENTIVES

a) Buyer credit. By means of a stabilization intervention, for each interest period the difference between the floating rate (Libor/Euribor plus the eligible spread) and the fixed interest paid by the borrower to the bank (CIRR) is calculated. SIMEST pays the difference to the bank if it is positive whereas it cashes it in if it is negative

b) Supplier credit. At the request of the Italian intermediary bank or of the exporter (where the notes are discounted abroad), SIMEST grants the exporter interest support in a lump sum equal to the difference between the net proceeds of the discounting of the notes at the market rate (deemed appropriate by SIMEST and within the permitted limits) and their present value at the CIRR paid by the foreign buyer

AMOUNT

85% is repaid in installments no less frequently than every six months;
15% is paid in cash at or before the "starting point of credit"

CONDITIONS

- ✚ Payment must be deferred by at least 2 years from the starting point of credit
- ✚ Minimum interest rates are set on the 15th of each month by the OECD according to the currencies being used. They are calculated on the basis of medium/long-term government bond yields plus an additional margin of 100 basis points and are published on the Ministry website

Applications for support are submitted to SIMEST by the Italian or foreign bank providing the financing. In case of supplier credit, where the notes are discounted abroad, the application may be submitted directly by the exporter.

The request for support has to be made using the application form, together with the documentation specified in the application form.

Info <http://www.simest.it/index-en.php>

FEASIBILITY STUDIES AND TECHNICAL SUPPORT

Providing financial support for Italian businesses undertaking pre-feasibility and feasibility studies or implementing technical assistance programs in non-EU countries.

BENEFICIARIES

Any Italian company

INCENTIVES

Financing at subsidized interest rates through a revolving fund

AMOUNT

Financing can cover up to 100% of the amount of the budgeted expenses. However, it may not exceed the amount permitted under EU *de minimis* rules, specifically no more than:

€ 100,000.00 for studies linked to commercial investments;

€ 200,000.00 for studies linked to investments in production;

€ 300,000.00 for technical assistance.

Financing cannot exceed 12.5% of average turnover in the last 3 years

CONDITIONS

- ✚ The program associated with **feasibility studies** must be realized within **six months** after the signature of the loan contract; **12 months** if associated with **technical assistance**
- ✚ Financing cannot exceed 12.5% of average revenues in the last 3 years
- ✚ The guarantees provided by **SMEs** that meet the specified evaluation criteria and approved by the Support Committee *must cover at least 40% of the loan amount*, while those provided by large companies must always cover 100% of the loan amount

Companies submit their applications for financing to SIMEST (www.simest.it), together with the documentation specified in the application form.

Info <http://www.simest.it/index-en.php>

FOCUS INNOVATIVE STARTUPS and SMEs

INCENTIVES	INNOVATIVE STARTUPS	INNOVATIVE SMEs	DESCRIPTION
Reduction of administrative burdens	YES	NO	Innovative startups are exempt from the payment of stamp duty and fees incurred due to the obligation of registering to the company register, as well as the payment of the annual fee due to Chambers of Commerce.
Flexible corporate management (Srl≈Spa) Srl (Equivalent of an Ltd.) Spa (Equivalent of an Inc.)	YES	YES	Creation of categories of shares with specific rights (i.e. categories of shares that do not attribute right to vote or that attribute such rights in non-proportional terms to the participation); the possibility of carrying out operations on one's own shares; the possibility of issuing participative financial instruments; offer to the public of capital shares.
Exemption from the regulations on companies reporting systematic losses	YES	YES	In case of systematic losses, innovative startups are subject to a special regime on the reduction of the company's share capital. Startups have a 12-months extension, during which the capital can be reduced proportionally to the losses. While ordinary companies must lower capital by the following financial year, startups can do this for up to two financial years after they suffered losses.
Exemption from regulations on dummy companies	YES	YES	Regulations concerning non-operational dummy companies which consistently claim losses do not apply to startups.
Exemption from the duty to affix the compliance VISA for compensation of VAT credit	YES	NO	The general regulation states that the application of the compliance visa for compensation in F24 shall apply for VAT credits above €15,000. For innovative startups, the threshold is increased up to €50,000.
Flexible "fixed-term contract"	YES	YES	Innovative startups and SMEs, as an exception, take advantage of a "fixed-term contract" which has a minimum duration of six months and maximum of 36 months and is extendable to 48 months After this term, the contract is transformed into a permanent contract.

INCENTIVES	INNOVATIVE STARTUPS	INNOVATIVE SMES	DESCRIPTION
Flexible remuneration system	YES	YES	Salaries due to workers employed in innovative startups can have a variable component linked to the efficiency or profitability of the company, the productivity of the employee or team of employees, or to other output and performance objectives and parameters as agreed upon by the parties.
Stock options and work for equity	YES	YES	Innovative startups and PMI can offer employees and suppliers, such as lawyers and accountants, capital shares as additional compensation. The revenues resulting from these financial instruments are tax deductible for both fiscal and contributory purposes.
CIPAQ 2012-2014	YES	NO	Startups have incentives in the form of tax credits up to 35% on all costs for hiring highly qualified personnel (see in details page 12).
Fiscal Incentives for Investment	YES	YES	Personal Income Tax (IRPEF) deduction of 19% for investments up to €500,000 and Corporate Income Tax (Ires) deduction of 20% for investments up to €1.8 million in innovative startups. The fiscal incentive is higher if the investment concerns social startups and startups related to the production and commercialization of goods with high technological value for the energy sector (Personal Income Tax (IRPEF) deduction of 25% and Corporate Income Tax (Ires) deduction of 27%).
Crowdfunding	YES	YES	Raise capital, also from abroad, through certified web portals.
Preferential Access to the Guarantee Fund for SMEs	YES	YES	Simplified, free and direct access to the Guarantee Fund for SMEs. (see details page 6)
ICE Support for Internationalization	YES	YES	More targeted support to the process of internationalization provided by the Italian Trade Promotion Agency (ICE), including assistance in legal, corporate and fiscal activities, as well as in real estate and credit matters. Further, innovative startups can benefit from free-of-charge participation in select international fairs and events, as well as in international initiatives aimed at

INCENTIVES	INNOVATIVE STARTUPS	INNOVATIVE SMES	DESCRIPTION
			promoting partnerships with potential investors. ICE has issued a “startup service card” the grants 30% discounts on its assistance services.
Smart & Start Italia	YES	NO	Interest-free loans to cover capital investment and operating costs related to starting a business. (see details page 20)
Italia Startup Visa	YES	NO	Introduction of a rapid, exclusively online, centralized and simplified mechanism for granting working visas to applicants intending to set up a new innovative startup in our country or join an existing one as a shareholder.
Italia Startup Hub	YES	NO	Extension of the Italia Startup Visa procedure to extra-EU citizens who are already in possession of a regular residency permit and are willing to stay beyond its expiry date to launch an innovative startup. In this way, it is possible to convert a residency permit into a “permit for entrepreneurs in an innovative startup” without leaving the Italian territory and thereby benefit from the same simplified measures provided for the startup visa.
